

RBYC Volunteer Training Program 2019

RBYC is an established and vibrant Sailing Club on Port Phillip, with a jam-packed schedule of yearly events and world class regattas. The club is always seeking new team members to assist with our busy sailing program and provides training for new and existing volunteers. There are opportunities to volunteer both on and off the water, with big boat and dinghy racing, as well as for major events hosted throughout the season.

Some of the available roles include:

Race Officer
Boat Driver
Mark Layer

Timekeeper
Recorder
Signals

Tower Crew
Beach Marshall
Registration Assistant

We aim to help volunteers find the role or roles that they find interesting, learn new skills at their own pace and enjoy working and socialising with other members.
