Personal Objectives:

We have all been impacted by COVID over the last 18 months.

**For me, this has meant clarifying my priorities.
I want to be part of a community;
one that values empathy, courtesy, and inspiration;
one where connection with nature and physical activity play a large role.**

**For Our Club to provide this we need wise financial planning.
We need a diversity of opinions, and the ability to listen to each other.
We need a place to sail, to swim, to walk, and to communicate.**

**I would like to continue on General Committee,
to use the last three years' experience to contribute with clarity
to the safe governance of RBYC**
